

"Poignant, provocative and deeply troubling" - COUNTERPUNCH

A Screening

Nuclear Savage

The Islands of Secret Project 4.1

A 90 minute documentary exposing the ugly truth behind U.S. atomic testing in the Marshall Islands. Commissioned by PBS and winner of multiple film festival awards, Nuclear Savage was abruptly pulled each time it was scheduled to air. It has never been shown on U.S. television.

Thu. Nov. 20, 2014 | 6:00 PM | 10 Evans Hall at UC Berkeley

In April 2014, RMI filed a lawsuit against all nine nuclear weapon states.
